

example, the cost of a computer, fax machine, modem, phone, printer, software, copier, and other expenses necessary to enable telework could count toward a tax credit, provided the person worked at home a minimum number of days per year.

My legislation today would provide a \$500 tax credit "for expenses paid or incurred under a teleworking arrangement for furnishings and electronic information equipment which are used to enable an individual to telework." For example, the cost of a computer, fax machine, modem, software, etc., as well as home office furnishings would apply toward the credit. An employee must telework a minimum of 75 days per year to qualify for the tax credit. Both the employer and employee are eligible for the tax credit, but the tax credit goes to whomever absorbs the expense for setting up the at-home worksite.

I have stated before that work is something you do, not someplace you go. Hopefully we can make telework a commonplace as the morning traffic report. There is nothing magical about strapping ourselves into a car and driving sometimes up to an hour and a half, arriving at a workplace and sitting before a computer. We can access the same information from a computer in our living rooms. Wouldn't it be great if we could replace the evening rush hour commute with time spent with the family, or coaching little league or other important quality of life matters?

Mr. Speaker, I hope our colleagues will consider signing on as a cosponsor of this proposal to promote telework and provide choices for employees in the workplace.

H.R. —

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Telework Tax Incentive Act".

SEC. 2. FINDINGS.

The Congress finds as follows:

(1) Federal, State, and local governments spend billions of dollars annually on the Nation's transportation needs.

(2) Congestion on the Nation's roads costs over \$74,000,000,000 annually in lost work time, fuel consumption, and costs of infrastructure and equipment repair.

(3) On average on-road-vehicles contribute 30 percent of nitrogen oxides emissions.

(4) It is estimated that staying at home to work requires 3 times less energy consumption than commuting to work.

(5) It was recently reported that if an identified 10 to 20 percent of commuters switched to teleworking, 1,800,000 tons of regulated pollutants would be eliminated, 3,500,000,000 gallons of gas would be saved, 3,100,000,000 hours of personal time would be freed up, and maintenance and infrastructure costs would decrease by \$500,000,000 annually because of reduced congestion and reduced vehicle miles traveled.

(6) The average American daily commute is 62 minutes for a 44-mile round-trip (a total of 6 days per year and 5,808 miles per year).

(7) The increase in work from 1969 to 1996, the increase in hours mothers spend in paid work, combined with a shift toward single-parent families resulted in families on average experiencing a decrease of 22 hours a week (14 percent) in parental time available outside of paid work they could spend with their children.

(8) Companies with teleworking programs have found that teleworking can boost employee productivity 5 percent to 20 percent.

(9) Today 60 percent of the workforce is involved in information work (an increase of 43 percent since 1990) allowing and encouraging decentralization of paid work to occur.

(10) In recent years, studies performed in the United States have shown a marked expansion of teleworking, with an estimate of 19,000,000 Americans teleworking by the year 2002, 5 times the amount in 1990.

SEC. 3. CREDIT FOR TELEWORKING.

(a) IN GENERAL.—Subpart B of part IV of subchapter A of chapter 1 of the Internal Revenue Code of 1986 (relating to foreign tax credit, etc.) is amended by adding at the end the following new section:

"SEC. 30B. TELEWORKING CREDIT.

"(4) TELEWORK.—The term 'telework' means to perform work functions, using electronic information and communication technologies, thereby reducing or eliminating the physical commute to and from the traditional worksite.

"(d) LIMITATION BASED ON AMOUNT OF TAX.—

"(1) LIABILITY FOR TAX.—The credit allowable under subsection (a) for any taxable year shall not exceed the excess (if any) of—

"(A) the regular tax for the taxable year, reduced by the sum of the credits allowable under subpart A and the preceding sections of this subpart, over

"(B) the tentative minimum tax for the taxable year.

"(2) CARRYFORWARD OF UNUSED CREDIT.—If the amount of the credit allowable under subsection (a) for any taxable year exceeds the limitation under paragraph (1) for the taxable year, the excess shall be carried to

the succeeding taxable year and added to the amount allowable as a credit under subsection (a) for such succeeding taxable year.

"(e) SPECIAL RULES.—

"(1) BASIS REDUCTION.—The basis of any property for which a credit is allowable under subsection (a) shall be reduced by the amount of such credit (determined without regard to subsection (d)).

"(2) RECAPTURE.—The Secretary shall, by regulations, provide for recapturing the benefit of any credit allowable under subsection (a) with respect to any property which ceases to be property eligible for such credit.

"(3) PROPERTY USED OUTSIDE UNITED STATES, ETC., NOT QUALIFIED.—No credit shall be allowed under subsection (a) with respect to any property referred to in section 50(b) or with respect to the portion of the cost of any property taken into account under section 179.

"(4) ELECTION NOT TO TAKE CREDIT.—No credit shall be allowed under subsection (a) for any expense if the taxpayer elects to have this section not apply with respect to such expense.

"(5) DENIAL OF DOUBLE BENEFIT.—No deduction or credit (other than under this section) shall be allowed under this chapter with respect to any expense which is taken into account in determining the credit under this section."

(b) TECHNICAL AMENDMENT.—Subsection (a) of section 1016 of such Code is amended by striking "and" at the end of paragraph (26), by striking the period at the end of paragraph (27) and inserting "; and", and by adding at the end the following new paragraph: "(28) to the extent provided in section 30B(e), in the case of amounts with respect to which a credit has been allowed under section 30B."

(c) CLERICAL AMENDMENT.—The table of sections for subpart B of part IV of subchapter A of chapter 1 of such Code is amended by adding at the end the following new item:

"Sec. 30B. Teleworking credit."

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to amounts paid or incurred after the date of the enactment of this Act, in taxable years ending after such date.

A TRIBUTE TO ROGER CARAS

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 13, 2001

Mr. LANTOS. Mr. Speaker, all of us who are active in the movement to protect Animals recently lost a compassionate and articulate colleague. It is with a heavy heart that I rise today and pay tribute to a true friend of the animal welfare movement and a dear friend of mine, Roger Caras.

Mr. Speaker, Roger began his career in the film industry, but after 15 years as a motion picture executive, he left to follow his true calling, the study of animals in their natural habitats. This led him to a take position as the "house naturalist" on NBC Today Show and later as a special correspondent covering animals and the environment for ABC. From these important and highly visible positions, Roger was able to share his passion for animals with millions of Americans.

Later in life, Roger became the President of the American Society for Prevention of Cruelty to Animals (ASPCA). This is the oldest humane organization in the United States, and
